

Moreland Residents & Ratepayers Action Group

It's Time the Residents and Ratepayers of Moreland took back control of the Council.

Moreland City Council Elections 27 October 2012

VOTE 1 **Dr. Derham Groves**

Standing for the South Ward

Derham is a local resident, an architect and teacher at Melbourne University. His knowledge and experience are what the residents and ratepayers of Moreland need on the Council.

Endorsed by Moreland Residents & Ratepayers Action Group

Why are Council rates increased between 100% and 300% above inflation?

Why has Council's expenditure increased by some 240% in 10 years?

Yet you can't walk on the footpaths safely and Council can't collect the garbage.

Is this Council out of control and does it need to be fixed?

My objectives are:

- Eliminate further waste of rates and taxes
- Reduce rates
- Improve basic services and facilities
- Creating opportunities for local people and local business
- Looking after the elderly and disadvantaged
- Improve recreational facilities and the arts
- Promote good and transparent governance
- Reviewing and fixing bad Council decisions
